PROTOCOL

STEP 1: Give a Intimate 4 wipe to the customer.

STEP 2: Apply the Blue Lotion on areas to be waxed, to clean the skin.

STEP 3: Apply the Gel Cool Effect on areas to be waxed, to reduce the sensation of heat and pain.

STEP 4: Proceed to the removal of hair by having taking care of putting on a pair of gloves.

STEP 5: Apply the Blue Lotion on the waxed areas.
